Manitoba Public Insurance

AVERAGE ANNUAL DEER CRASHES 410

Deer-Vehicle Crashes 2006 - 2009

Source: Collision data (calendar year) from Manitoba Public Insurance.

Note: Only the highest frequency crash areas are illustrated. Collisions with wildlife can happen anywhere. Drivers and other passengers should be alert for wildlife crossing roads particularly in the fall, and when visibility is poor. For high risk deer-crash zones across Manitoba, see the companion map "Manitoba – Deer-Vehicle Crashes."
