

Average Annual Deer-Vehicle Crashes: 612

## Top Deer-Vehicle Crash Areas 2010-2014 (Based on Closest Intersection of Crash)

Source: Collision data (calendar year) from Manitoba Public Insurance

Note: Collision location is self-reported by Manitoba Public Insurance claimants. Only those crashes where a claimant provided information regarding the nearest intersection to the crash are illustrated on this map.

For crash locations by municipality, please see the companion map: "Manitoba: Top Deer-Vehicle Crash Areas 2010-2014".
