

Transfer a Vehicle in an IRP Fleet

Use this procedure to transfer IRP registration from one vehicle to another.

Before You Begin

- Ensure the following required documents are available for uploading, if applicable:
 - Bill of sale
 - Out-of-Province Driver Licence/Articles of Incorporation (for vehicles whose ownership is not set up in Manitoba)
 - Lease agreement and Power of Attorney letter (for leased vehicles)
 - New Vehicle Information Statement ([NVIS] for new or never-been-registered vehicles)
 - Certificate of Inspection (COI)
 - Authority to Register/Exclusive Use Agreement (for owner/operator)
 - Transfer of Ownership Document (for vehicles with previous owner[s])
 - Proof of Third-Party Liability Insurance

Steps

Begin in MPI Registration – IRP.

1. From the left-hand Services > IRP menu, on the **Vehicle** menu tile, select **Transfer Vehicle**.
 - Under **Supplement Search**, the system auto populates your **Account No.** and **MPI Customer No.**

Tip: Consultants are required to complete the **MPI Account No** and/or **MPI Customer No** fields.

2. Enter your **Fleet No.** and **Fleet Expiration Year**.
3. In the lower left corner, select the disclaimer checkbox, then select **Proceed**.
4. On the **Vehicle Details** page, under **New Vehicle Search Criteria**, search for the vehicle to be added by entering the **MPI Vehicle Number**, **VIN** or **Plate No.**

5. Select **Copy From**.

- The new vehicle's information will populate in the **Vehicle Details** section.

Note: If the **Copy From** option does not populate the vehicle information under the **Vehicle Details** section, Manitoba ownership may not have been set up. To add the vehicle:

- Under **New Vehicle Search Criteria**, enter the **VIN**.
- Next to **Vehicle Details**, select **VIN Override**.

- The system allows you to manually complete the fields in the **Vehicle Details** section.

The IRP Prorate Office will confirm your vehicle's information and set up ownership.

6. Under **Deleted Vehicle Details**, enter a vehicle identifier, then select **Search**.

Tip: Click into the MPI Vehicle No, Unit No., VIN, or Plate No. box, and select the correct vehicle from the list that appears.

- Other details of the vehicle being deleted will populate under **Deleted Vehicle Details**.

7. Select the **Delete Reason**.

8. Complete the missing required details (indicated by a red asterisk (*)).

The screenshot shows the 'Vehicle Details' form with a 'VIN OVERRIDE' tab selected. The form is organized into four columns of input fields. Fields with a red asterisk (*) indicate required information. The fields include: VIN, Unit No., Weight Group No., Year, Body Type, Ownership Body Style, Ownership Vehicle Type, Make, Axles, Combined Axles, Registration Class, Fuel Type, Seats, Vehicle Color, Vehicle Brand, Tare Weight, Base Jurisdiction Gross Weight, Purchase Date, CA Purchase Price, US Purchase Price, Factory Price, Ownership Jurisdiction, TOD, Odometer Reading, Model, Range, Type of Ownership (Owner, Leased, Owner-Operator), Existing Plate, and MPI Vehicle No. There is also a checkbox for 'Use Existing Plate'.

- Unit No.:** Enter the unit number assigned to your vehicle.
- Weight Group No.:** From the dropdown, select one of the available weight groups applicable to your vehicle.
- Combined Axles:** Enter the number of axles for your vehicle.
- Tare Weight:** Enter the tare weight for your vehicle.

- **Purchase Date:** Manually update the purchase date if the auto-populated date is not correct.
- **CA Purchase Price or US Purchase Price:** Enter the purchase price of the vehicle in CDN\$ or USD (whichever currency the vehicle was purchased in). The system automatically converts the price into the other currency.
- **Range:** From the dropdown, select the applicable range for the vehicle.
- **Type of Ownership:** Select the appropriate ownership type for the vehicle.
- **Use Existing Plate:** If you would like to use a plate you already own, select this checkbox, and enter the **Existing Plate** number.

Important: Do not enter a space between the letters and numbers of the existing plate number.

- **New Plate Required:** If you need a new plate for the vehicle, select this checkbox.

Tip: If the vehicle requires a new plate and you do not select **New Plate Required**, the system will automatically assign the plate previously assigned to the vehicle being deleted.

9. Under **Documentation Requirements for Admin Fee and Fee Calculation**, indicate whether special circumstances apply to your vehicle.
- If you have questions about whether any of the fields apply to your fleet, hover over the ? by the field for an explanation.

10. Select **Proceed**.

- On the **Vehicle Details** verification page, confirm the details are accurate, then select **Proceed**.
- The system redirects you to the **Vehicle Details** page to transfer another vehicle if required, Repeat the steps above for any remaining vehicles.
- If any of the information is incorrect, select **Vehicle List** to show a list of transferred vehicles. Click the Select icon  next to the vehicle that must be corrected, then correct the information on the next page.
- To delete a vehicle that was transferred incorrectly, select **Cancel Vehicle**.
- To save the changes, select **Proceed**.

11. When you are finished transferring vehicles, select **Done**.

Upload Documents

Note: The system only allows one upload of 4 MB per required document type.

10. On the **Web Processing** page, go to the **Vehicle Document** section and upload the required documents.

Tip: If you're unsure which documents to upload, select **Submit**, then **OK**, without attaching any files. A notification will appear at the top of the screen listing the required document(s).

11. On the **Supporting Documents** drop down (see the [Supporting Documents checklist](#)), select the document you want to upload.

- This field also allows you to upload multiple documents.

12. Select **Browse** to search your device for the document to be uploaded.

13. Select Upload.
